

# **U. S. Department of Energy Savannah River Operations Office**

---

## **Site Management and Operating Contract Pre-Solicitation Conference**

**November 28, 2006**

# Welcome

# Ground Rules

---

- The terms and conditions of the RFP govern over any information presented today – which is at a summary level.
- The draft RFP is posted in the Industry Interactive Procurement System (IIPS) and the SRS Acquisition Web Site.
- IIPS web site address:
  - <http://doe-iips.pr.doe.gov>
- SRS Acquisition web site address:
  - <http://professionals.pr.doe.gov/srs/index.html>

# Ground Rules

---

- No audio or video recording of this Pre-solicitation Conference is permitted.
- Questions or comments can be either dropped in the box at the back of this room or submitted via IIPS in accordance with the SRS Acquisition Web Page instructions.
- All questions and answers will be posted to the Acquisition Web Site.
- Today's briefing slides will be posted to the Acquisition Web Site.

# Purpose of Conference and Tour

---

- Visualize physical descriptions included in the Scope of Work (SOW) and to provide Offerors a better understanding of the SOW in the SRS M&O RFP
- To provide information to potential Offerors regarding preparation of their proposal
- Highlight important aspects of the RFP
- To encourage potential Offerors to submit comments and questions on the draft RFP
- To encourage potential Offerors to recommend any additional information needed for the document library
